RICHARD KOPP

WORK EXPERIENCE

STEINER, s.r.o.

July 2023 – December 2023

Work on a hospital information system. Backend and frontend.

Creation of data structures and forms for oncology records and their further processing for printing.

STEINER, s.r.o.

July 2024 – December 2024

Work on a hospital information system. Backend and frontend.

Creating data structures and forms to record imaging examination records (RDG, Sonography, ...) and nurse shifts.

PROJECTS

Steamite

December 2023 – Present

A real-time builder strategy game set in the underworld around the 1875s. The main idea is to build a self-sufficient and hidden settlement to ensure the corporation that hired you has access to a new mineral with a much higher energy yield than coal.

Zámeček

January 2025 – Present

Transfer the rooms of the Zámeček memorial in Pardubice to a virtual tour accessible from the web.
